Newspaper advertising will send store crowds where they were never before seen—will overcome the "bad location"—will do away with "dull days" and "slow stocks"—will batter down, finally, every obstacle to complete store success.

The Weather.
Forecast for Thursday and Friday:
Kentucky—Fair Thursday, Friday showers and cooler; light to fresh south winds.
Tennessee—Fair Thursday, Friday fair except showers in northwest portion.
Indiana—Fair Thursday, Friday showers and cooler, with light south winds.

THE LATEST.

Reports from the Russian provinces continue to tell of the burning of houses, robberies, murders, collisions between peasants and rural guards and the hurried despatch of troops here and there. The center of the peasants' uprising is Voronezh province, where the peasants in their mania for the destruction of property do not discriminate between friends and enemies as evidenced by the complete devastation of the estate of M. Kokoshkin, one of the most prominent Constitutional Democrats in the lower house.

Harry K. Thaw has ignored his mother's advice to re-employ former Gov. Black's law firm, and refuses to consent to the plea of insanity. Clifford W. Hartridge, Thaw's personal counsel, yesterday obtained an order from Justice Blanchard, of the Supreme Court, directing the firm of Black, Olcott, Gruber & Bonynge to show cause why it should not turn over to Hartridge all the papers bearing on the case. Hearing on the writ of injunction against District Attorney Jerome was postponed until to-day.

During the cross-examination of Miss Ida B. Scott, Mrs. Mary Scott Hartridge's sister, in the Hartridge divorce case in Pittsburgh, a letter was produced in an attempt to show that Miss Scott had been practicing to imitate her sister's handwriting. Attorney John M. Freeman, chief counsel for Mrs. Hartridge, declared the letter had been stolen from his office. Judge Fowler at once compelled Hartridge's counsel to deliver the papers to Mr. Freeman.

A decision favorable to the plaintiff was handed down in the United States Circuit Court, in Boston, in the case of George W. Pepper, receiver of the Bay State Gas Company, of Delaware, against Henry H. Rogers, of New York, in the suit to recover \$30,000, alleged to be due the gas company in connection with the sale of the Boston companies. The court orders that \$15,000,000 be turned over to the gas company by Mr. Rogers.

The armistice between Salvador and Honduras, on one side, and Guatemala, on the other, began yesterday. A treaty of peace is to be discussed in neutral waters on board the United States cruiser Marblehead. Saturday afternoon the Guatemalan forces were defeated at Patanar and Metaphan with enormous losses.

LADY CURZON DIES IN LONDON

Wife of the Former Viceroy of India.

Member of Noted Leiter Family of Chicago.

Never Recovered From Illness of Two Years Ago.

MARRIED IN WASHINGTON.

London, July 18.—Lady Curzon of Kedleston, wife of the former Viceroy of India, who had been ill for some days, died at 7:40 o'clock this evening. She never quite recovered from her serious illness at Walmer Castle, Kent, in 1904, and the recent hot weather brought on a pronounced attack of general debility.

It was announced at the Curzon residence this evening that the final cause of Lady Curzon's death was heart failure, but she had been suffering from complications which were the sequel of her terrible illness of two years ago. The funeral, the date of which has not yet been fixed, will take place at Kidlington.

Lady Curzon of Kedleston was Mary Leiter, daughter of the late Levi Z. Leiter, of Chicago, and was in her own right the possessor of \$3,000,000. From Chicago the family moved to Washington, and later traveled extensively and entertained lavishly in England. Mrs. Curzon was created first Baroness Curzon of Kedleston and in 1895 was appointed Viceroy and Governor General of India, which post she resigned in August, 1905, and was succeeded by Lord Curzon. Lady Curzon was married to the Earl of Suffolk and Berkshire in Washington, December 26, 1894.

NEWS OF SISTER'S DEATH

First Imparted To Joseph Leiter By a Newspaper Man.

Chicago, Ill., July 18.—[Special.]—Joseph Leiter was first informed of the death of his sister, Lady Curzon, by a newspaper man. When told of the death of the Ziegler Coal Company, 88 Vanburen street, that a cablegram from London announced the death, he said: "I cannot believe anything of the sort." Mr. Leiter was assured there could be no mistake about it, and then he became silent, evidently deeply moved. He explained a minute later that he had received a letter from England to the effect that Lady Curzon was ill, but her condition was not serious and no fatal result was expected. "I have heard nothing at all which would lead me to believe such news unless it came direct from my sister's home," he added.

Asked if he would leave for London, Mr. Leiter said: "I do not know what I shall do and cannot tell until I hear from my relatives. I am the only member of the family in America." Mrs. Leiter is at Tulloch castle in North Britain, which she engaged for the summer. Mrs. Campbell and Lady Suffolk are at their respective homes.

London Papers Speak In High Terms of Lady Curzon.

London, July 18.—The editorial articles in the newspapers this morning dealt sympathetically with the death of Lady Curzon of Kedleston. They dwelt on her intellectual force, beauty, grace and tact, and the brilliant success she achieved in India, where as Viceress she worked "with heart and head for the welfare of the people."

MARRIED IN 1895.

Ceremony Was One of the Great Social Events in Washington.

Washington, July 18.—The marriage in this city April 22, 1895, of Mary Leiter to Lord Curzon, was one of the great social events of Washington. The ceremony was attended by the notable in official diplomatic and residential circles. Bishop Talbot officiated, assisted by the Rev. Dr. (now Bishop) Mackay Smith.

Surrounded by every luxury that wealth could suggest, an acknowledged beauty and the possessor of many accomplishments by travel, study and obsequious ladyhood about other girls. Versailles, Ky., July 18.—[Special.]—Paul R. Brother, a well-known young farmer of this county, and Miss Rosa L. Nooe, were married at 4 o'clock this afternoon by the Rev. H. L. Cockerham, pastor of the Troy Presbyterian church in this county. The ceremony was performed in an automobile in front of the residence of the officiating minister. The bride is the pretty daughter of Mr. T. J. Nooe, of Mortonville, and is a niece of Col. Eph. Lillard, warden of the State prison at Frankfort.

LEXINGTON SELECTS

STATE FAIR DATES

WILL HOLD EXHIBITION DURING SAME WEEK.

RAISE \$15,000 FOR EXPENSES AND PREMIUMS.

TO INCORPORATE AT ONCE.

Lexington, Ky., July 18.—[Special.]—A meeting was held to-night of about 150 of the most active promoters and liberal subscribers to the proposed Lexington Fair, and it was definitely decided to hold the fair the same week as that on which the State Fair will be held at Louisville, the fair to begin on September 17.

The reason for the selection of this week was that the annual colored fair will use the trotting track grounds, where it is proposed to hold the Bluegrass Fair the week preceding the State Fair at Louisville, and the regular fall trotting races will be held at the grounds the week after.

It was announced that over \$15,000 had been already subscribed. James L. Gay, of Pisgah county, telephoned that he had secured subscriptions of over \$1,000 in his vicinity. The following directors for the fair were elected:

Thomas A. Combs, Louis Des Cognets, L. C. Cox, John Skain, John G. Stoll, S. T. Habsin, J. S. Estill, John Grund, Jr., and these eight directors were instructed to select seven other directors, the fifteen to comprise the Board of Directors of the fair. This board will elect the president and other officers. The Board of Directors to-morrow will file the articles of incorporation. The name will be either the Bluegrass or the Central Kentucky Fair.

FOR EIGHT HOURS

LUNATIC REMAINS AT LIBERTY ON ASYLUM ROOF.

Finally Induced To Come Down By the Subterfuge of An Attendant.

Chicago, July 18.—John Daly, a patient in the violent ward in the Dunning Insane Asylum, twelve miles from this city, escaped from the attendants to-day and climbed to the roof of the building, which is four stories high. He ran along the edge of the roof shouting: "They're after me," and threatening to leap to the ground if any of the attendants came through the skylight to get him. The asylum authorities finally sent for the Fire Department, and when the firemen arrived with ladders Daly was sitting on the edge of the coping with his feet dangling over. He threatened to jump if a ladder was raised, and finally the attempt to catch him was abandoned and the firemen and attendants settled down to a sleep of several hours.

After being on the roof for eight hours Daly was induced to come down. One of the asylum attendants climbed up to where Daly was sitting and told him that he was insane too, and that they had a good chance to make their escape. Daly came down to the ground and was locked up.

IGNORES ADVICE OF HIS MOTHER

Thaw Will Not Consent To Insanity Plea.

Refuses To Re-employ Black's Law Firm.

Move In Court To Take Possession of Papers

CAUSES DISTINCT SURPRISE.

New York, July 18.—The chaotic conditions surrounding the preparation of a defense for Harry K. Thaw, accused of the murder of Stanford White, were accentuated to-day, and apparently the breach between the prisoner and his mother, Mrs. William Thaw, of Pittsburgh, as to the character of the defense is wider than ever.

Following quickly upon a conference of two hours with Thaw in the Tombs after the mother had twice during the day endeavored to gain the boy's consent to the re-employment of the law firm of Black, Olcott, Gruber and Bonynge, and to consent to a plea of insanity, Clifford W. Hartridge, Thaw's personal counsel, obtained from Justice Blanchard, in special term of the Supreme Court, late to-day, an order directing Judge Olcott's firm to show cause next Friday why they should not turn over to Hartridge all the papers in Thaw's case. Mr. Hartridge based his motion on a petition signed by Thaw, which was placed on record in connection with the proceedings.

A Distinct Surprise.

This move was a distinct surprise, being a contradiction of reports, which had gained wide circulation earlier in the day to the effect that Thaw had consented to his mother's plan of action. The rumor that the young man had at last bowed to his mother's will undoubtedly had its origin in the fact that Mrs. William Thaw and Mrs. Harry Thaw, who were in conference with Thaw at the same time to-day, emerged from the prison arm in arm. It was the first time they had been seen together. Thaw's wife has all along supported him in his demand for a trial on the issues of the case, and has opposed the insanity plea. She has thus been arrayed against the elder Mrs. Thaw, who seems to feel that the only hope of saving her son from death in the electric chair, is to depend upon a defense of insanity. This plea would avoid the further publicity, and ignominy of a trial, and has been insistently urged upon the prisoner, who, however, apparently remains obdurate.

Mrs. William Thaw had two long conferences with her son to-day. During the second, word was dispatched to Mrs. Harry Thaw, summoning her in all haste. She soon reached the prison. The mother had gained the second interview from the warden on the strength of a plea that her mission was of utmost importance, and could not be delayed.

Hartridge's Statement.

Following the family conference, Mr. Hartridge had his interview with Thaw, and went directly from the Tombs to the criminal courts building, where he obtained the order in the proceedings against Thaw's former counsel. In speaking of his action in this respect, Mr. Hartridge said to-night:

"I have in my possession certain affidavits made by Mr. Thaw and myself, which allege that the law firm of Black, Olcott, Gruber and Bonynge have certain papers which are vitally essential in preparing Thaw's defense. I have from time to time requested them to turn over all the papers in the case to me, but have received no reply."

The Injunction Suit.

Justice McLean adjourned until to-morrow the hearing on the writ of injunction obtained yesterday by counsel for Harry K. Thaw to prevent District Attorney Jerome and the grand jury from examining further witnesses. In the Thaw murder case, the court yesterday ordered the District Attorney to show cause why the writ of prohibition should not be made permanent and to-day's hearing was to have decided whether or not it should continue in force.

DISTRICT ATTORNEY JEROME

Discusses Effect of Insanity Plea In Thaw Case.

Atlanta, Ga., July 18.—A special from Warm Springs, Ga., where the Georgia Bar Association is now in session, quotes District Attorney Jerome as saying that Harry K. Thaw's insanity plea means that Thaw must do one of two things—stand trial or go to the asylum. "If Thaw goes to the asylum under the finding of a commission on the question of his mental condition at the present moment, he would have to stand trial for the killing of Stanford White when he becomes sane, as though he had not been confined. Bear in mind this distinction, that a commission can pass only upon the mental condition of the prisoner at the present time, and has nothing to do with the question of whether or not he was insane when the killing was done. The latter question is one that will be decided by a jury."

ALLEGED LYNCHERS RELEASED ON BOND.

Charlotte, N. C., July 18.—Judge Thomas J. Shaw, presiding over a special term of Union County Superior Court, at Monroe, this afternoon, entertained a motion to quash the indictments against alleged lynchers of J. V. Johnson on the ground that they could not properly be brought in Union county. The counsel for the State took exception and appealed to the Supreme Court. The twenty defendants were held in \$5,000 bonds each for their appearance at the next term of Union Superior Court, by which time a decision may have been reached by the State's highest court.

AGREEMENT TO STOP FIGHTING

Central American Armistice Now In Effect.

The Peace Commissioners To Board Marblehead To-day.

Costa Rica Wants To Take Part In Conference.

INTERESTED IN THE OUTCOME.

Washington, July 18.—The armistice between the warring Central American republics went into effect at 6 o'clock this morning.

Mr. Munoz, the Guatemalan Minister, called at the State Department to-day and announced that he has been advised by his Government of the selection of three commissioners and a secretary to represent Guatemala at the peace conference. They will go to San Jose, Guatemala, in time to board the Marblehead, which is expected to reach there to-morrow.

The State Department has not been advised that fighting has actually ceased, but the American Minister to Salvador, Mr. Merry, and the American Charge at Guatemala City, both sent dispatches to the department, dated yesterday and received here to-day, which announced the agreement of both Salvador and Guatemala to stop fighting at daybreak this morning.

Instructions Sent.

Mr. Combs, the American Minister to Guatemala, has not yet reached Guatemala City, because of lack of transportation facilities, and the State Department has sent instructions to Mr. Brown, the Charge, to board the Marblehead and act for Mr. Combs until the Minister is able to reach the cruiser, probably next Friday.

So far the State Department and Central American diplomats in Washington have no advice which indicates the terms upon which the republics involved are willing to accept peace. All efforts so far have been devoted to the preliminary arrangements for the conference, and as the United States is in no sense a party to the negotiations, the State Department has few details concerning the grievances of the warring republics.

The Guatemalan Minister, Mr. Munoz, is much annoyed by reports from Salvadoran points that Guatemala continued fighting after it had agreed to cease hostilities. "Such stories are absolutely without foundation," he said to-day. "There was no agreement to cease fighting until the armistice went into effect this morning and the enemies of my Government are endeavoring to put it in a false light."

President Escalon's special representative, American Consul General John Jenkins, has arrived in Washington from San Salvador, and has been in consultation with Assistant Secretary of State Bacon respecting the re-establishment of peace between the hostile Central American republics. The pit of his statements in this case is understood to be that Guatemala has been for a long time past intent on picking a quarrel with Salvador, and has now seized on this pretext for the attack.

Calvo Interested.

Senor Calvo, the Costa Rican Minister here, was also a caller at the State Department to-day. As dean of the South and Central American diplomatic body, he is intensely interested in all the developments in the present struggle.

Touching the authorization to American Minister Merry to represent Costa Rica in the approaching conference on the deck of the Marblehead, the Minister explained that while his country had always maintained an attitude of strict impartiality in the present controversy between Salvador and Guatemala, it was deemed best to have a representative present at the conference in case the discussion should in any way involve the interests of the other Central American countries.

Mr. Calvo intimated that there is reason to believe that Costa Rica really initiated the movement for a conference by appealing directly to the Government of the United States to come forward with its good offices when it appeared that hostilities were inevitable.

Salvador and Guatemala must decide through their representatives to the peace conference on board the United States cruiser Marblehead whether Honduras is to be represented in the conference.

Business Suspended.

Mexico City, July 18.—A journalist from Salvador, who has arrived here, passing through Guatemala, says that the President Cabreria has ordered that with Salvador through American intervention, he cannot hope to continue in power. He reports Guatemalan prosperity. Business is practically suspended and crops ruined.

WATER SUPPLY OF BLUEGRASS

To Be Investigated By Geological Survey.

Results Will Be of Benefit To the State.

Work Will Consume Greater Part of a Year.

KENTUCKY TOBACCO OUTLOOK

Washington, July 18.—[Special.]—Members of Congress from the Fifth, Sixth, Seventh, Eighth and Ninth districts of Kentucky are being consulted by the United States Geological survey with reference to an investigation of the ground waters of the Bluegrass region of that State. The inhabitants of this area are largely dependent upon ground waters for industrial and domestic purposes. Up to the present time no intelligent study has been made, but experience in many places has shown that abundant ground waters may be found in that region. Many of these waters have been found to be of poor quality, containing ingredients unfavorable for manufacturing, and in some cases objectionable for domestic use. There are, however, sources of excellent water in certain strata beneath the surface, and it requires only an intelligent study of these strata in each county to show the depth at which they occur. It is apparent that the lack of definite information concerning these sources of favorable water supply has hindered to some extent the industrial development of the region. Many of the waters contain ingredients unfavorable for boiler use, while others are injurious to certain manufactured products. Therefore, the need for such a study is apparent. The problem is an interstate one, as the region under consideration extends over into the State of Ohio, and investigations in that State will be necessary in the country about Cincinnati. The investigations in Kentucky will extend from Campbell, Kenton and Boone counties, on the north, to Casey, Lincoln and Rockcastle counties, on the south, and from Bath, Fleming and Macon counties, on the east, to Jefferson, Bullitt and Nelson counties, on the west. It is expected that the investigations will consume the greater part of one year, and the results will be published by the United States Government for free distribution. The work is in charge of Mr. O. Leighton, acting Chief Hydrographer of the Geological Survey.

Reduction In Acreage.

The Department of Agriculture announces that the acreage in the Burley tobacco district shows a reduction of 14 per cent. The prices for Burley have not been as good as they were a year ago, and farmers have not made an effort to plant a full crop. In the Paducah district the crop this year is 95 per cent. of last year, and is two or three weeks later.

The prospect at present is not for a fine crop, says the department, "but favorable weather for a few weeks may make a wonderful change." In the Henderson district the average is 95 per cent. of last year, but the crop is two or three weeks later.

The prospect in this district, the department reports, "is that the crop will not be of as good quality as last year." The upper Green river district will have a crop 95 per cent. of last year, and the crop is looking well. The acreage in the upper Cumberland district is 10 per cent. less than last year. In the Clarksville and Hopkinsville district the crop is 90 per cent. of last year. It is too late to expect the best results unless the season is more favorable than usual.

Labor Insurance.

The Bureau of Labor will have for its work the remainder of the summer the gathering of statistics on the question of labor insurance, with the object of ascertaining the extent of mortality and disease incident to the various trades. The facts are to be gathered principally by a study of the insurance records of labor unions, showing the number of deaths, cases of sickness and injuries in accidents. It will be necessary to make a painstaking search into these records, but agents of the bureau will be sent to all parts of the country and will have several months within which to complete the investigation. This inquiry will be the principal work of the bureau this summer. The insurance statistics gathered will, it is thought, be of incalculable benefit, and will show in more complete form than has even been attempted before the health conditions of labor in this country.

Should the statistics show that certain trades invariably give rise to particular diseases, the result will be an effort to locate this particular cause of disease and to remove it. The facts published after the investigation is concluded will throw fresh light on the sanitary condition of labor throughout the country, and probably will result in legislation for the material benefit of the worker.

The authorities in the Philippine Islands have been occupying themselves recently in exploring some of the unknown islands in the archipelago. There are about 2,000 islands, and

DR. HUNT'S IGORROTES WANT TO GO HOME.

Agents of Government Say That Some of the Savages Have Been Mistreated.

Chicago, July 18.—Dr. Truman H. Hunt, who for some time has been in charge of a number of Igorrotes, who have been giving exhibitions in various local amusement parks, was to-day brought into the Federal Court to answer a writ of habeas corpus on behalf of the Igorrotes to determine whether they should be allowed to remain in his charge or returned to the Philippines. It is alleged by the agents of the Government that a number of the savages have been robbed and mistreated, and that on this account they should not be allowed to remain longer with Dr. Hunt.

The charge of mistreatment is denied very strongly by Dr. Hunt, who in court to-day characterized the criticisms of his management as a "pack of lies."

Late in the day Judge Bethea, who heard the arguments on the writ of habeas corpus, decided that such of the Igorrotes as desired to go home could be sent home in charge of the Government. Such as do not desire to return will be allowed to remain in this country.

BOND PROVIDED

MAN CHARGED WITH BEING FUGITIVE FROM LOUISVILLE.

Jail Guards, However, Give But Little Basis For Accusation.

Cincinnati, O., July 18.—[Special.]—Ferdinand Osterhage, held by the Federal officials under the charge of being a fugitive from justice in Louisville, to-day gave bond of \$1,000 and was released from jail. George Morris is accusing him of being the George Brooks who broke out of the Louisville jail ten years ago.

John Cassidy and John Brown, jail guards, came from Louisville to tell whether they could identify Osterhage as Brooks. Cassidy said he looked like the missing prisoner, but Brown saw nothing in his appearance to recall the missing prisoner.

The Rev. Father Smith, of Corpus Christi church, called on the officials to inform them of his conviction that Osterhage was present at the wedding of his brother, Ben Osterhage, between nine and ten years ago, about the time he is alleged to have been in jail at Louisville. He was confident of the man's innocence.

GETTING POINTERS

FOR FARMERS' INSTITUTE TO BE HELD IN KENTUCKY.

Commissioner of Agriculture In Columbus With Ohio Officials.

Columbus, O., July 18.—[Special.]—Hubert Vreeland, State Commissioner of Agriculture, Labor and Statistics of Kentucky, and his assistant, R. C. Cronshaw, are in this city conferring with Secretary R. C. Calvert, of the Ohio Agricultural Board regarding farmers' institutes. Kentucky has adopted the Ohio plan of institutes for the coming winter, and they are here to get pointers as to how to conduct them. Two hundred will be held in Kentucky this coming season.

The institutes in Ohio are under the direction of the Board of Agriculture, and are held in all of the counties and in many townships throughout the State. The meetings last several days, in the course of which addresses are made by prominent instructors in the various departments of agriculture, the programs being interspersed with music and recitations by members of the families residing in the territory embraced by the institute. Big dinners in the town halls are often features of the meetings, and the farmers look forward to these occasions with great interest. They break the monotony of the winter months.

PHILADELPHIA WINS.

ELKS PREFER QUAKER CITY TO BALTIMORE.

Incorrect Announcement of Vote Causes Excitement In Denver.

Denver, Col., July 18.—Philadelphia was chosen by the Grand Lodge of the Benevolent Protective Order of Elks to-day as the convention city for next year. Philadelphia received 495 votes and Baltimore 265. St. Joseph was withdrawn from the contest.

David J. Shern nominated Philadelphia for the next convention city, and Baltimore was championed by J. Cooke. Before this announcement a delegate yelled, "Baltimore wins."

This announcement caused consternation. The Baltimore people were wild with delight. When the mistake was corrected the Philadelphia band was brought out and started playing "There'll Be A Hot Time in the Old Town To-night."

The Philadelphia crowd got in line behind the band and marched up and down the street.

It is estimated that the local headquarters of the Elks of this city are in Denver, of which 26,500 are Elks and members of their families. The annual grand Elks' parade will take place to-morrow, and it is expected there will be 15,000 marchers in line, besides many hundreds of floats.

A feature of the celebration to-day was a massed band parade. There were nearly 1,000 musicians in line, playing brass instruments.

SAUSAGE FACTORY

To Be Established Here By Armour—Other Improvements To Be Made.

Improvements to cost between \$30,000 and \$25,000 are to be made at once in the plant of Armour & Co., at Brook and Main streets. The principal improvement of the proposed improvement will be the installation of a sausage factory that will be both modern and sanitary. This factory, according to officials of the company, will be one of the most complete in the South, and will comply fully with the new laws and regulations governing the manufacture of sausage. The plans have been drafted, and the work will be pushed to a speedy completion.

The improvements include additional storage warehouses, an additional electric elevator, new smokehouses and a live-story addition to the rear of the present building, to which one story will be added.

New Place For J. H. Harper.

J. H. Harper, traveling freight and passenger agent of the Colorado Midland railroad, with headquarters in Chicago, has been assigned to a similar position with the San Pedro, Los Angeles and Salt Lake railroad, with headquarters in Los Angeles. The change to become effective July 23.

License Revoked.

W. B. DAUGHERTY, MASTER OF TOWBOAT AUBREY, LOSES PAPER.

Owners May Be Fined, But Will Be Given Opportunity To Take An Appeal.

The license of William B. Daugherty, master of the steamboat Aubrey, was revoked yesterday by Steamboat Inspectors Arthur J. Dunn and John H. Dunne on the grounds that he violated the steamboat laws by carrying passengers on the Aubrey, which is a towboat.

In their report to Judge W. G. Dearing, Surveyor of the Port, they say that the owners of the Aubrey are guilty of a violation of the steamboat laws in allowing the Aubrey to carry fifteen passengers on an excursion.

On the return voyage the Aubrey was detained while near Eighteen Mile Island. Judge Dearing said yesterday that he would order a fine of \$500 against the owners of the Aubrey, and that an appeal may be taken to the Secretary of the Treasury for a remission of the fine on the grounds that the owners did not intentionally and intentionally violate the steamboat laws.

Two Large Oil Refineries Already Built and Working On the Third One and Will Probably Build "Fuel Alcohol Plant" at Kansas City, Kansas, Where Company Now Owns 57-Acre Farm Abutting On the Kansas River.

WHY NOT INVEST SOME OF YOUR IDLE MONEY IN THIS RAPIDLY GROWING MANUFACTURING ENTERPRISE?

135 Miles Main Trunk Pipeline Delivered, and Two-thirds Completed, Including Five Mammoth Pumping Stations—When Fully Finished Will Be Longest Independent Pipeline in the United States—Will Enable This Company to Deliver Oil by Pipeline and Barges Over Nine Hundred Miles to Ocean Steamers at Very Little Cost, Independent of the Oil Trust Railroads—Nearly a Million Dollars Cash and Ten Thousand Shareholders Are Back of Uncle Sam.

It is generally conceded that the passage of the federal alcohol bill puts the fangs of the robber oil trust on the gasoline monopoly, and the Uncle Sam Oil Company will be one of the first to push this "alcohol fuel oil" into practical use. The company already owns a fifty-seven-acre farm only a short distance from the big packing plants of Kansas City, Kan., and it is now building a refinery on the site. The refinery will be one of the most modern and complete in the world, and will be able to produce a fuel oil that will be as good as the best gasoline, and will be sold at a price that will enable the company to compete with the oil trust.

Continues to Keep Its Promises.

Several months ago the Uncle Sam Oil Company promised to declare a dividend on all stock of record on June 20, 1906. This was done, and the company has now declared a second dividend of \$1.00 per share on all stock of record on June 20, 1906. This dividend will be paid on all stock of record on June 20, 1906, and will be paid in cash.
